All I want in dis world is ur love and to hold ya
I dont care what the people say about
About my long distance relationship outta town
But girl ur the stars in my sky
Girl u stole my heart and I cant even lie
I appreciate u for changing my world
N I promise dat I be wit u forever n ever
And I know dat ur mumma dont trust me
And she hates when u tell her that u love me
But u no dat its gonna be alryt
Coz it all from my heart and it takes time
But girl ur the star in my sky
Girl u stole my heart n I cant even lie
But c I not tellin lies u fyn, ur worth dyin, cant get u outta my mind
Girl its time to make love

[Chorus x2]

Its about that time baby
look up in da sky and u will c me in da light the size (?)
But we be way more serious than boyfriend and girlfriend
U got my head spinnin like a whirlwind
Shorty, I no I made some mistakes but I can
Make it up by givin u this way and take it I know
It int no need to push and shuv
Hold and grab
The man above let us kiss n hug
Coz baby..

[Chorus x2]
