

T. Rex, Free Angel

Right on
This song
I'm gonna slip and slide
Through the motivations of your heart
Well, I'll say it again
I know, I got to go go
Slip and slide through the motivations of your heart
Well, I'll say it again
Free Angel, we love you
Say it again
Free Angel, we love you
Say it again Right on
Yeah, say it again
Right on
This song
Gonna slip and slide
Through the motivations of your heart
Well, I'll say it again
Free Angel, we love you
Free Angel, we love you
