

T. Rex, Liquid Gang

It's gonna be grand when you take
The hand of the liquid gang, oh yeah
Peter with the heater, he's such a messy eater
He's got frogs in his eyes from telling those lies
Sunday's almost Monday and you gotta understand
It's gonna be grand when you take
The hand of the liquid gang, oh yeah

Shelly 's silver belly, she's got me on the telly
Down with the dog he's a rockabilly job
The kids are young, but that's how we begun
You gotta understand when you take
The hand of the liquid gang, oh yeah

You're gonna be grand [4x]

Paladin heat with the dancing feet
Rides a two tone bike he does what he likes
But my head is alright but you're out of sight
But you gotta understand when you take
The hand of the liquid gang, oh yeah

You're gonna be grand [Repeat to end]
