

T. Rex, Truck On (Tyke)

Truck on Truck on Truck on Truck on Tyke

Oh Tyke baby

You're a slender living lady

You're dynamite

You're a jeep mouth dancer

You're a right on dancer

You got gangster's legs

Like a song I truck on

You're a silver-stud fender

I'm a jive brain bender I'm everyone

Got electric deep in me

I'm a space age cowboy

Ride dinosaurs

Like a song I truck on

Oh Tyke baby

You're a palamino baby

'Cos you move along

People put you down

'Cos you're too low on the ground

They can't hurt though

'Cos you're cosmic
