

Tabula Rasa, If You Kill Me, I'll Never Know

I want to leave when I see you coming
My time spent waiting for the end to all of this
Won't remember me
Please don't remember me

Your cause for stealing kills me
You never meant much, never meant much to me
Your cause for stealing kills me
You never meant much, never meant much to me

You'll see when all the people around you
In time will lose all hope, then you will see an end
Won't remember me
Please don't remember me

You've made your choice, our words don't mean a thing
You'll never change, please don't defend it

Your cause for stealing kills me
You never meant much, never meant much to me
Your cause for stealing kills me
You never meant much, never meant much to me

You can't see what's really happening
You can't start over, defeated when you're dead and in the ground
You can't see, it isn't what you think
Can't take an easy way out

Each time you're closer to the ground
