Tabula Rasa, If You Kill Me, I'll Never Know

I want to leave when I see you coming My time spent waiting for the end to all of this Won't remember me Please don't remember me

Your cause for stealing kills me You never meant much, never meant much to me Your cause for stealing kills me You never meant much, never meant much to me

You'll see when all the people around you In time will lose all hope, then you will see an end Won't remember me Please don't remember me

You've made your choice, our words don't mean a thing You'll never change, please don't defend it

Your cause for stealing kills me You never meant much, never meant much to me Your cause for stealing kills me You never meant much, never meant much to me

You can't see what's really happening You can't start over, defeated when you're dead and in the ground You can't see, it isn't what you think Can't take an easy way out

Each time you're closer to the ground
