

# Tacere, Bitter, Regressive

Floating silently through waters of grudge and gall  
Waiting for the wind to come and deliver alleviation

Redeem my pride resentful mind  
Kill my life bitter mind

Everlasting deed, obliged for this pride  
Rushing through the storm diminishing a wish to die

Redeem my pride resentful mind  
Kill my life resentful, bitter mind

Is it only a state of mind?  
Or perhaps something more?

Redeem my pride resentful mind  
Kill my life resentful, bitter mind  
Kill me kill me!  
Ohh break the circle bitter mind
