

Taco, You Are My Lucky Star

You are my lucky star
I saw you from afar
Two lovely eyes, at me they were beamin', gleamin'
I was star-struck

You're all my lucky charms
I'm lucky in your arms
You've opened heaven's portal here on earth for this poor mortal
You are my lucky star

In my imagination, I saw a star-lit sky so bright
In my imagination, there I saw you in the light
And then one day I found you, but I could not realize
My lucky star shining, right before my very eyes, oh

You are my lucky star
I saw you from afar
If God was a glamorous creature
You're a four-star feature

Though you are never seen
Up on some movie screen
You are my Schear, Crawford, Hepburn, Harlow, and my Garbo
You are my lucky star

You are my lucky star
You know I saw you, baby, from afar
Two lovely eyes, at me they were beamin', gleamin', you know
I was star-struck

Though you are never seen
Up on some movie screen
You've opened heaven's portal here on earth for this poor mortal
You are my lucky star
