

Tactical Sekt, Burn Process

Burn process
Death processors
Chemical cocktail
Society feeds on the defenceless

Hate incarnate
Evil incarnations
Blame your culture
Justified their incantation

Burn process
Stealing posesions
Theft of souls
Squandering away the resurrection

Pain decided
Structured dealing of the dead
Tear the flesh away
Extinction is a viable threat

Plasma melting this flesh away
No time to hear my confession
And now my future is gone away
I'm falling into deep depression

Burn process

Annihilation

Burn!

Burn process
Death processes
Chemical cocktail
Society breeds on the defenceless

Hate invited
Evil incarnation
Hate your culture
Justified invocation?
