

# Tactical Sekt, Devil's Work

Pain, humiliation  
Driving nails through the fragile skin  
Insane mutilation  
Why do we need suffering to forgive our sins?

Fire contain us  
Liar confuse us  
Hate to tame us  
Reason to brainwash

Fire contain us  
Fire consume us  
Hate to drain us  
Reason to brainwash

Planning our own demise

In utero lunacy  
Untamed hate  
Call us imprison us  
Repatriate

Taxation criminal  
Controlling subliminal  
Working ourselves to death  
Repay the national debt

Fire contain us  
Fire confuse us  
Hate to tame us  
Reason to brainwash

Fire contain us  
Fire consume us  
Hate to drain us  
Reason to brainwash

Planning our own demise

How can you let them bleed your life away?  
How can you let them lead your soul astray?  
Why do you let them taint all you believe?  
Why do you let yourself be so easily deceived?
