

Taff Russ, Love Is Not A Thing

If love was a stone I could toss it away
Never think twice, I'd be okay
If love was an arrow I could pull back my bow
Aim at the sky and let it go

Chorus:

But love is not a thing
You don't take it off like a ring
Just because you said goodbye
That don't mean that love had died
It's alive and doin' well in my heart
If love was a book I could just put it down
Don't need a romance around
If love was a clock I could let it unwind
Throw it out the window and watch the time fly

(Chorus twice)

Love is alive
Love is alive
and doing well in my heart
Livin' in my heart
