

# Tahiti 80, Aftermath

I first saw it when you were smiling  
I could tell something was wrong  
And the way you were laughing  
It just lasted too long  
As if you were trying hard  
To pretend everything was fine  
When I knew deep in my heart  
That it was all just falling apart

Let's run away from the path  
We used to take each day  
And then we'll face the aftermath  
Of our yesterdays

Is it me or are we really  
Going out of our minds?  
I'd never thought I would be  
Somebody not so kind  
I don't want to bring you down  
But there's no one else around  
It's like walking in a ghost town  
Or living six feet under ground

Let's run away from the path  
We used to take each day  
And then we'll face the aftermath  
Of our yesterdays

That's what I'd love to say  
I know I'll find a way

Let's run away from the path  
We used to take each day  
And then we'll face the aftermath  
Of our yesterdays
