

Tait, All You Got

I heard you say that no one seems to care about you
It's in your eyes, you think that life's unfair to you
Just give it all you got, my friend
Just give it all you got, it's not the end

CHORUS

Cause you oughta know
There's a reason for these changin' seasons
God only knows how much your heart can bear
So don't you let go
Everybody has their up and down times
Everybody needs to know how much they're loved
My friend
So hold on, it's not the end

As I remember everything you touch
Would turn to gold
You held the secrets
To make your grandest dreams unfold
You were the very best of us all
But the sun that rises still falls

CHORUS

It's just a love song
Cause everybody needs a friend
I'll be right here for you
Just a simple prayer
It's from the bottom of my heart
That He'll never let you go

CHORUS
