

Taking Back Sunday, Good Enough

I can remember parking lot nights,
What did they mean to you,
Wrapping my arms around your body,
Protecting and holding you,
And holding you,

Look in the side of my eyes,
It was such a big surprise,
You've gone and done it again,
Does he love you like I can,
Like I can!

Maybe I wasn't good enough,
Well I gave you all i could,
Would you stay up late,
If you can't sleep,
Cause baby I would, (I would)
And baby I could, (I could)

And now my mood is coming down,
And make me feel this way,
Did your ship miss cause you never told me,
You'd leave me this way, (this way)
You played me this way, (this way)

You told me that you weren't happy,
And you told me that you missed me,
But just don't give up,
I can't see,
Its something I can't plan,
Something I can't plan,

Maybe I wasn't good enough,
But I gave you all I could,
Would you stay up late,
If you can't sleep,
Cause baby I would,
Good Enough
Good Enough
Good Enough
Good Enough
Good Enough
Good Enough
Good Enough
