

# Taking Back Sunday, Spin

That look was priceless, don't let me get carried away  
I've seen it before, and it still suits you the same  
You catch on quick (You catch on quick)  
The cynics stop before they give the same reviews  
(You catch on quick) You catch on quick

I heard that this is where, where the party is  
Are you coming home? (Well, are you coming home?)  
Are you coming home? (Well, are you coming home?)

You had your chance (You had your chance)  
Open arms reject assuming hands (arms reject assuming hands)  
You had your chance (You had your chance)  
Open arms reject assuming hands

The abortion that you had left you clinically dead,  
and made it all that much easier to lie  
But that's nothing that I'm proud of (No, it's nothing that I'm proud of  
I'm making an example out of you (This is phase one)  
This is a preview (This is phase one)

I heard that this is where, where the party is  
Are you coming home? (Well, are you coming home?)  
Are you coming home? (Well, are you coming home?)

You had your chance (You had your chance)  
Open arms reject assuming hands (arms reject assuming hands)  
You had your chance (You had your chance)  
Open arms reject assuming hands (arms reject assuming hands)

Don't act like you're the first one  
I treat it like disease  
Sure it's rough around the edges  
It's the only thing you see

Don't act like you can't see me, darling, I'm coming  
and act like you don't see me, darling, I'm coming  
and act like you don't see me, darling, I'm coming  
and act like you don't see me, I'm coming...

You had your chance (You had your chance)  
Open arms reject assuming hands (arms reject assuming hands)  
You had your chance (You had your chance)  
Open arms reject assuming hands (arms reject assuming hands)

You had your chance (Spin, spin, spin...)  
You had your chance (You had your chance) (Spin, spin, spin...)
