

Taking Back Sunday, Your Own Disaster

Just think of this and me
as just a few of the many things
to lie around
to clutter up your shelves
And I wish you weren't worth the wait
cause there's some things
I'd like to say to you...

And I don't think that you know what you've been missing
And I don't think that you know what you've been missing

And I dare you to forget
the marks you left
across my neck
from those nights when we were both
found at our best
I said I could make this obvious,
and you, you could deny it
all in one breath
Well come and shrug me off
your shoulders...

Well and I don't think that you know what you've been missing
Well and I don't think that you know what you've been missing
Well and I don't think that you know
It's that I don't think that you know
It's that I don't think that you know what you've been missing

Hey, lush, have fun
It's the weekend
Hey, lush, have fun
[x2]

(well, haven't you had enough)
Hey, lush, have fun
It's the weekend
Hey, lush, have fun
[x2]

(I don't think that you know what you've been missing)
(Just forget me it's that simple)
