From Son of a Black Hole
I don't need your live control

[Dorota Miśkiewicz:]
Black hole sun
Won't you come
And take away the chains
Black hole sun
Won't you come
In my eyes
Distance grows
In still hart to be espouse
Take your time
To build your way
Be your self
But it?s not save

I just wanna save my soul
From Son of a Black Hole
I don't need your live control
I just wanna save my soul
From Another Son of a Black Hole
I don't need your live control
