I just wanna save my soul  
From Son of a Black Hole  
I don't need your live control  
I just wanna save my soul  
From Another Son of a Black Hole  
I don't need your live control  
Son of a Black Hole

[ Dorota Miśkiewicz:]  
Black hole sun  
Won't you come  
And take away the chains  
Black hole sun  
Won't you come  
In my eyes  
Distance grows  
In still hart to be espouse  
Take your time  
To build your way  
Be your self  
But it?s not save

I just wanna save my soul  
From Son of a Black Hole  
I don't need your live control  
I just wanna save my soul  
From Another Son of a Black Hole  
I don't need your live control
