

Tal, Slow Down The Flow

World /3x

Take time to breathe

Everybody is always in a hurry /2x

We all have dreams, hopes and desires

The World has changed

What can we do?

We try to run from the rush hour

But nothing goes like it should

Pass me by like I'm stranger

Don't you see the smile I have to offer

Tell me when it's all over

When it's moving a bit slower

Can we slow down the flow?

Every second seems a bit longer

Can we slow down the flow?

We don't need run

Run /3x

When the problem come

They will come

We can overcome

Come /3x

We don't need to run

Run /3x

Life can be so fun

Make it fun /2x

We can overcome

Come /3x

Everybody is always in a hurry /2x

We all have dreams, hopes and desires

The World has changed

What can we do?

We try to run from the rush hour

But nothing goes like it should

Every day you getting stronger

Don't you feel life is a little better

Feel so good when it's all over

When it's moving a bit slower

Can we slow down the flow?

Every second seems a bit longer

Can we slow down the flow?

We don't need run

Run /3x

When the problem come

They will come

We can overcome

Come /3x

We don't need to run

Run /3x

Life can be so fun

Make it fun /2x

We can overcome

Come /3x

Can we slow down the flow?
