

Tamar, Money Can't Buy You Love

Oh, yeah
Oh...oh...oh...oh...oh...
Its two nights, seven days
Seven nights for the very first time we met
I felt scared, a first kiss
And I remember it just like it was yesterday
And boy, you know that I care for you
But weve got to slow it down
Cause once you fall out of love
You dont wanna rush back into it
And once you feel pain, darlin
You dont wanna rush back into it once again
Once again, once again
Hoo...ooh...yeah
You whisper things in my ear
You know that every single woman in the world likes to
hear
Those three words, how I wish
That you would be the man that I would spend my life
with
And boy, as much as I care for you
Weve got to slow it down, slow it down
Cause once you fall out of love
You dont wanna rush back into it
And once you feel pain, darlin
You dont wanna rush back into it once again
Once again, once again
Ive been in love a long time ago
And Ive been through pain with this man from my past
And you say that youll never hurt me, so you say
Could this be a night of fear
Or could this be a fantasy
Please let me know , Lord
Oh, just once
You gotta let me know, know
One time, oh, one time
Gotta let me know
I glad you know
Oh...oh...
Once you fall out of love
You dont wanna rush back into it
Once you feel pain
You dont wanna rush back into it
Once you fall out of love
You dont wanna rush back into it
Once you feel pain
You dont wanna rush back into it
Please let me know, Lord
Just once
Ill sit beside you, sit beside you
Once
Cause I dont wanna be hurt once again
