

Tami Chynn, Show Me Now

Oh Oh baby give me all that's coming
Ooh Oh yea yea
Take it slow
Baby low, let it grow
And show me now

Let it flow
Were alone
You don't know
Ill show you how

You not staying with me upon tonight
Take your time and pop off me its right

Take it slow
Baby low, let it grow
And show me now

I love the way you break me, slowly
Come baby, hold me
Don't be, afraid to show me
Let me help you to see that
I can give it to you
And any which way you want me to
So dim the lights we gonna feel it tonight, enjoy this fantasy

Take it slow
Baby low, let it grow
And show me now

Let it flow
Were alone
You don't know
Ill show you how

You not staying with me upon tonight
Take your time and pop off me its right

Take it slow
Baby low, let it grow
And show me now

Now I gotcha in the mood boy
Come and take over
Rude boy, you got the flavor
To make me come
On and on and on and on and on
Through the sun, the rain, the snow, the storm
In my love, my love ill keep you warm
Baby do it slow

Take it slow
Baby low, let it grow
And show me now

Let it flow
Were alone
You don't know
Ill show you how

You not staying with me upon tonight
Take your time and pop off me its right

Take it slow
Baby low, let it grow
And show me now

Oh ooh baby give me all that's coming
Oh ooh like a river sweat keeps running
Oh ooh baby can you give me more
Oh oh oh oh oh oh oh

Take it slow
Baby low, let it grow
And show me now

Let it flow
Were alone
You don't know
Ill show you how

You not staying with me upon tonight
Take your time and pop off me its right

Take it slow
Baby low, let it grow
And show me now

Take it slow
Baby low, let it grow
And show me now

Let it flow
Were alone
You don't know
Ill show you how

You not staying with me upon tonight
Take your time and pop off me its right

Take it slow
Baby low, let it grow
And show me now
