

Tamia, Happy

-verse-

What happened to the roses
And the little phone calls we made throughout the day
And the silly little games we played
But somehow things have changed
How I miss the old
Got my feelings thrown
We're barely holdin on

-chorus-

Why can't we
You and me
Be happy
(Why can't we just be so happy)
Why can't we just chill and be happy
(Why can't we just be so happy)

-verse-

The arguing
Seems to win over lovin
Used to be huggin
Kissin and rubbin
Now everyday is something new
Seperating me and you
I thought that we could get through anything

-chorus-

Why can't we
You and me
Be happy
(Why can't we just be so happy)
Why can't we just chill and be happy
(Why can't we just be so happy)

-bridge-

Baby
Lets start over agian, and
Get back to being friends, and
Lets try harder this time
Whoah Baby tell me

-chorus 2x-

Why can't we
You and me
Be happy
(Why can't we just be so happy)
Why can't we just chill and be happy
(Why can't we just be so happy)
