

Tamia, Protect My Heart

Baby you should know that,
I've been afraid to try.
I'm healing from some things and
My tears are pale and dry.

I said "I'm through with love";
You made it all a lie.
You turned my never ever
Into one more time

Chorus:
If I happen to fall (I feel it coming on)
In love (Think I could fall in love)
Please protect my heart

Happen to fall (Been through so many things)
In love (I'm tired of fragile, baby)
please protect my heart

Baby you should know that,
I like what's going on.
The way you make me feel,
I've seen this all before.

You are incredible,
I can't deny that, no.
Could be my everything but,

Baby don't break my heart

Chorus:
If I happen to fall (I feel it coming on)
In love (Think I could fall in love)
Please protect my heart.

Happen to fall (Been through so many things)
In love (I'm tired of fragile, baby)
Please protect my heart

Deep in my heart I believe that,
You really care for me.
I pray that this time,
Love lasts eternally

Chorus:
If I happen to fall (I feel it coming on)
In love (Think I could fall in love)
Please protect my heart

Happen to fall (Been through so many things)
In love (I'm tired of fragile, baby)
Please protect my heart
