

Tamia, Show Me Love

(Chorus)

When I'm down
You show me love
When times get rough
You show me love
When I can't go on
You show me love again
Over and over again

When I had no one to call my own
So brokenhearted and all alone
You were there to comfort me
You're my everything
And no one can love me like you do

(Chorus)

When I had no one to turn to
You were always there to see me through
No one can love me quite the way you do
You're my heart, you're my joy
And everyday
You make it alright

(Chorus 2x)

Late at night
When I'm troubled 'bout tomorrow
You come and make everything alright
In my time of need
Baby you give love to me
My love, my joy
You know you do
You know you give me love

(Chorus)
