

Tamia, Whisper

Whisper

Hey hey
oh

Now we almost blew it
had a thing so perfect
I was scared, I wanted to find something wrong, oh

So I, put you through it
and I made excuses
tried to turn you away
I knew I was wrong, oh

Cause when you went away
something so strong
I didn't know
until you were gone
oh, oh, I didn't know

(Chorus)
Whisper
sweet nothings, (oh nothings)
in my ear, tell me all the things, that i long to hear
(baby you better whisper)
Whisper (whisper)
sweet nothings, (oh nothings)
in my ear, let me know that you, feel the way I do, oh

Hearing your voice
it took me back to the way it should be
passion so strong, it feels like, i'm losing my mind
you gotta please forgive me
Yeah so I tripped completely
what can u do, oh, when love gets hold of you, oh

Cause when you went away
something so strong
I didn't know, until you were gone
oh, i didn't know

(Chorus)
Whisper
sweet nothings, (oh nothings)
in my ear
tell me all the things, (tell me all the things, that I long)
that i long to hear
(baby you better whisper)
Whisper (whisper)
sweet nothings, (sweet nothings)
in my ear, let me know that you, feel the way I do, oh oh

oh, oh, oh, oh (repeat x4)
Oh baby, I knew I was wrong
I need your sweet, loving, whispers,
Baby you need to understand, these feelings so strong
right by your side, is where I belong (oh x10)
I'm on my way home

(Chorus)
Whisper
sweet nothings, (oh nothings)
in my ear (in my ear)
tell me all the things, that i long to hear

(baby you gotta whisper)
Whisper
sweet nothings, (oh nothings)
in my ear, let me know that you, feel the way I do, oh

(Chorus2)
Whisper
sweet nothings, (oh nothings)
in my ear
tell me all the things, (tell me all the things that I want to hear)
that i long to hear
Whisper (oh whisper)
sweet nothings, (nothings)
in my ear, let me know that you, feel the way I do, oh

oh oh oh oh (till end of song)
Baby I'm on my way home
No, no, no no no no no
