

Tammy Trent, Is Anybody Willing?

verse 1

There's a hunger in the soul,
for a love that we can know
From a God who really cares,
and that His people everywhere
Will row against the tides of life
and make a stand for what is right
This is the hope of every boy and girl ...

Chorus

Is anybody willing
To give a helping hand
Does anybody have the time just to be a friend
Cause there's a world of people
and they all need our love
There's so many
If you're willing enough

verse 2

There's a voice that's calling peace,
to the poor and to the weak
From a God who gave His Son,
to gain the world and not lose one
So let's unite and let's agree
to be His hands to be His feet
This is the hope of every boy and girl ...

Chorus

Is anybody willing
To give a helping hand
Does anybody have the time just to be a friend
Cause there's a world of people
and they all need our love
There's so many
If you're willing enough
