

# Tammy Wynette, I Know

Every day when you come home I meet you at the door  
And every night your kisses leave me wanting so much more  
I reach for you and hold you like nobody else can do  
You know I'm yours I hope you love me too  
Cause I know you need me I know you want me  
And I hope you love me and always told me so

I look up into your eyes and suddenly get weak  
And I can always read your mind before you even speak  
I touch you and without a doubt you'll know my love is real  
I wish I'd knew exactly how you feel  
Cause I know you need me...  
I know you need me...
