

Tammy Wynette, It's So Sweet

(George Jones - Tammy Wynette)

It's so sweet to love you darling
Love we thought we'd never find
All the happiness you give me
Just to know your love is mine.

Love is such a happy feeling
One can feel love through and through
When together there is nothing
That can bother me and you.

It's so sweet to love you darling
Love we thought we'd never find
All the happiness you give me
Just to know your love is mine.

Nothing tempts our love to woman
For we love too much to stray
Hold my hand if you should weaken
Love grows stronger day by day.

It's so sweet to love you darling
Love we thought we'd never find
All the happiness you give me
Just to know your love is mine...
