

# Tammy Wynette, That's When I Feel It

Fanny's washing the clothes I know think I'll give Mary Sue a call  
I've cleaned the house there's nothing left to do  
Gonna be another lonely night cause he's not here to hold me tight  
The kids are on bed my day is through  
Sometimes I wonder if he still loves me when it's come  
He never fails to change my mind the minute he gets home  
That's when I feel it his love the most  
That's when he holds me holds me so close  
That's when I know it because he shows it how much he loves me  
Sometimes I wonder...  
That's when I feel it...
