

Tamyra Gray, Ha, Ha

(T. Gray/ S. Watters/ L. Biancaniello)

U don't even know me
U don't seem 2 care
If my actions are revealing
Words my mouth can't find 2 share

'cause in my heart
I wanted 2 believe
In me and you
But my mind knew the reality
An ill fated dream
A vision only I could see
I can't make u love me
Though I want 2
But u soon will c

Chorus

That I, I, I, I, I, I, I coulda, shoulda been your wife
And I, I, I, I, I, I, I woulda loved u 4 life
But U, ooh, ooh, ooh, ooh, ooh, were just 2 blind 2 c
So ha, ha, ha, ha, ha, ha, ha
Now ur missin me

My poor little baby
U let me walk away
I just slipped right through your fingers
Bet u wish I woulda stayed
'cause now that it's slapped u in the face
U want me back
But that's something time won't replace
Lucky u 'cause ur the 1
Who gets 2 play the fool
U shoulda loved me
When u had me
'cause now u will c

chorus

U came like a thief in the night
Crept in casually
U stole my heart
U stole my soul
But I woulda gave it for free
Much too late the damage is done
There ain't no turnin back
Save ur excuses save ur tears
'cause I got no time 4 that
'cause I just wanted 2 love u
And I wanted 2 believe
Ur kisses were so sweet 2 me
But now there's a bitter taste
And ur words they sound like the melody
Of a broken record playing

chorus
