

# Tamyra Gray, Ha Ha

U don't even know me  
U don't seem 2 care  
If my actions are revealing  
Words my mouth can't find 2 share  
Cuz in my heart  
I wanted 2 believe  
In me and you  
But my mind knew the reality  
An ill fated dream  
A vision only I could see  
I can't make u love me  
Though I want 2  
But u soon will c

[Chorus]

That I, I, I, I, I, I, I coulda, shoulda been your wife  
And I, I, I, I, I, I, I woulda loved u 4 life  
But U, ooh, ooh, ooh, ooh, were just 2 blind 2 c  
So ha, ha, ha, ha, ha, ha, ha  
Now ur missin me  
My poor little baby  
U let me walk away  
I just slipped right through your fingers  
Bet u wish I woulda stayed  
Cuz now that it's slapped u in the face  
U want me back  
But that's something time won't replace  
Lucky u cuz ur the 1  
Who gets 2 play the fool  
U shoulda loved me  
When u had me  
Cuz now u will c

[chorus]

U came like a thief in the night  
Crept in casually  
U stole my heart  
U stole my soul  
But I woulda gave it for free  
Much too late the damage is done  
There ain't no turnin back  
Save ur excuses save ur tears  
Cuz I got no time 4 that  
Cuz I just wanted 2 love u  
And I wanted 2 believe  
Ur kisses were so sweet 2 me  
But now there's a bitter taste  
And ur words they sound like the melody  
Of a broken record playing  
[chorus]
