

Tanita Tikaram, To Drink The Rainbow

Can you Tell me?
Can you see it?
My eyes dreamt it
My eyes sent it a thousand pieces
'Course I love it
It makes me cold
Amongst the ashes
Drinking the rainbow

Can you tell me?
How to turn?
The very feelings, the very feelingd
That make me burn
The very music I have heard
Inside your heart
To drink the rainbow - I try very hard
To drink the rainbow - I try very hard

You should want me
To take along
The very seasons, the very seasons
I've waited on
The very music I have heard
Inside your heart
To drink the rainbow
I try very hard
To drink the rainbow
I try very hard

Can you show me?
Where it leads?
The very feelings, the very feelings
That make me bleed
The very music I have heard
Inside your heart
To drink the rainbow - I try very hard
To drink the rainbow - I try very hard
To drink the rainbow - I try very hard
