

Tankard, (Empty) Tankard

Drinking and f**king through the whole night long
Partying with friends 'til f**king dawn
Let's go thrashin' and stagedivin'
Feel the power and sound again

We want to drink some f**king beer,
we want to drink some whiskey

Frankfurt's thrashers will rule tonight
They're well known for their bloody fight
Wodka and Cognac are our leaders
We've the best, we f**k the f**kin' rest

Empty Tankard

We have come to slamdance tonight
Bangin' and bleedin' till the f**kin' end
Playing fast and running free
Stand up maniacs, you have to fight

We want to drink some f**king beer,
we want to drink some whiskey

Liver is broken down so bloody hard
I keep on drinking until I drop
Bang your head against the f**kin' wall
Show the damned whimps who we are

Empty Tankard
