

# Tantric, Hate Me

Tell me again out on a limb  
I won't offend you and tell you  
That I gotta keep moving on  
I have this much of time

Tell me again out on a limb  
I won't offend you and tell you  
That I gotta keep moving on  
I have this much of time

Keeping it down under the ground  
I should have at least  
I try to tell ya  
When I lost it that I never found it  
I lost that in my mind

Take me  
I want you  
To show me the way  
To find the world

[Chorus:]  
Hate me now  
Cannot find a better side here somehow  
Hate me now  
Cannot find a better side here somehow  
This time

Show me the plan  
Beginning to end send it again  
And I'm thinking that you better  
Make another friend  
I lost you in my life

Take me  
I want you  
To show me the way  
To find the world

[Chorus x3]
