## Tantric, Hate Me

Tell me again out on a limb I won't offend you and tell you That I gotta keep moving on I have this much of time

Tell me again out on a limb I won't offend you and tell you That I gotta keep moving on I have this much of time

Keeping it down under the ground I should have at least I try to tell ya When I lost it that I never found it I lost that in my mind

Take me I want you To show me the way To find the world

[Chorus:]
Hate me now
Cannot find a better side here somehow
Hate me now
Cannot find a better side here somehow
This time

Show me the plan
Beginning to end send it again
And I'm thinking that you better
Make another friend
I lost you in my life

Take me I want you To show me the way To find the world

[Chorus x3]
