

# Tapes 'N Tapes, The Dirty Dirty

Hard sums  
Sharp toils  
When your heart  
And when your tonguing money  
I'm in the hold  
And I've been holding money

Take shape  
Take whole  
Lie in the space  
I've turned my soul about it  
Lie to the sun  
Lie to the holy body

Signs come  
Frail forms  
Where did all the money go?  
Where did all the money go?  
When'd you  
High shoe  
Where did all the money go?  
Where did all the money go?

At the pawn  
Are you all the bad  
I've been on the sun  
I've been the shed for conning

In time  
In soul  
You are the bonnie  
You are the four of cunning  
You are the bud  
And you are the warring bonnet

Come in The money  
Come in The money  
For time is the show  
And time is the heart about it  
For time is the show  
And time is the heart about it

Time rolls  
Away gold  
Where did all the money go?  
Where did all the money go?  
Age old  
Form shows  
Where did all the money go?  
Where did all the money go?  
Sold Homes  
Frail Forms  
Where did all the money go?  
Where did all the money go?  
Where did all the money go?  
Where did all the money go?

In So made  
Railing  
I'm the poor in the cold  
Way gone  
You've  
Been alone  
In the cone

Away from  
It's a long  
It's a long  
Drive home  
It's a long  
It's a long  
Where hard you roam  
Where did all the money go?  
Where did all the money go?  
I've been  
Long gone  
Times of all the haunted hole  
Times of all the haunted hole  
Constant  
Eye Bends  
Where did all the money go?  
Where did all the money go?  
Where did all the money go?  
Where did all the money go?  
Where did all the money go?  
Where did all the money go?
