

Tapping The Vein, Crushing

It's Crushing Every Bone
Feeding My Lonliness
I Wish I Had A Rope From This Hole
I Know I Don't

Are You All Alone, Running Like Me?

A Stunning Blow To The Head
A Weight On My Lungs
Has Me Gasping, and Fighting For Breath
Swallowing My Tongue

Are You All Alone, Running Like Me?

I Am Too Tired To Give Up
And I Am Too Weak To Fail
I'm Thrashing And Sobbing
And Planning My Sleep
You Won't Wake Me When Every Day Here Is The Same

You See I'm Running
I've Got To Hurry Up

And I Am Too Sick To Stand Up
My Strength in This World Is Gone
I'm Stumbling I'm Tripping
My Face In The Dirt
You Can't Save Me When Every Day Here Is The Same

Are You All Alone Running Like Me?
