

# Tara McLean, Here And Now

There is nothing that I can do  
All the words have left me that I needed  
To try to say to you  
Finally my search has been completed  
Each step that I took was right  
For it lead me here and now to your side  
Could I travel the rest of the way with you?  
There is no one I could find  
Who could read my mind and still adore me  
Cuz I get so lost sometimes  
Somehow you know just where to look for me  
Each road that I took was right  
For it lead me here and now to your side  
Could I travel the rest of the way with you?  
Ive been looking all my life  
For what it means to be alive  
Im wide awake and full of life  
In the peace that I find in your eyes  
Each mistake that I made was right  
For it lead me here and now to your side  
Could I travel the rest of the way with you?  
Ive been looking all my life  
For what means to be alive  
Im wide awake and full of life  
In the peace that I find in your eyes
