

# Tarkan, Shhh (I Wanna Hear Love Speak)

[Verse 1:]

Don't speak, you're beautiful  
Don't say a word at all  
Look at me  
I hear your voice in my head like a song  
And I don't wanna sleep  
Are you the one for all the time?  
Skin next to mine  
Am I lost in a dream?  
Do you really wanna let it slip away?

[Refrain:]

If you say do you mean it  
If you feel it let me see it  
If you want me now I wanna hear love speak  
Shhhh  
When you dance with your heart in motion  
You pull me in just a little closer  
Don't say a word I wanna hear love speak  
Shhhh

[Verse 2:]

Why be so afraid of the silence Shhh  
Over there with your beads in your hair  
What you don't say sets me free  
Like a flame of a fire  
That keeps getting higher  
Talk to me with your eyes so I can believe  
Show me love deeper than words

[Refrain:]

If you say do you mean it  
If you feel it let me see it  
If you want me now I wanna hear love speak  
Shhhh  
When you dance with your heart in motion  
You pull me in just a little closer  
Don't say a word I wanna hear love speak  
Shhhh

[Verse 3:]

Let me feel it  
You can't conceal it if the connection is deep  
If this is meant to be  
Then you don't have to speak

[Verse 4:]

If you say it  
If you feel it  
If you want me now, I wanna hear love speak  
Shhhh  
When you dance with your heart in motion  
You pull me in just a little closer  
Don't say a word I wanna hear love speak  
Shhhh

[Refrain:]

If you say do you mean it  
If you feel it let me see it  
If you want me now I wanna hear love speak  
Shhhh  
When you dance with your heart in motion  
You pull me in just a little closer  
Don't say a word I wanna hear love speak

Shhhh
