

Taylor Swift, Lucky you

There's a little girl in this little town
with a little too much heart to go around
Live forever, never say never
You can do better, that's what she says

Mama named her Lucky on a starlit night
A rabbit foot in her pocket, she dances inspite of
The fact that she's different and yet she's the same
And she says do do do do do do do do do do do do do do do do do
do
Lucky you, lucky you
Do do

She sings her little songs
She walks along a little
Pathway headed for the skies
Left her travels, lives they unravel
Mind over matter, that's what she says

Mama named her Lucky on a starlit night
A rabbit foot in her pocket, she dances inspite of
The fact that she's different and yet she's the same
And she says do
do
Lucky you, lucky you, lucky you
do do

Maybe she'll sing you do do do
Maybe she'll bring you into the skies
Honey, she'll love you
Funny how some view angels above you, ain't so far away.

Mama named her Lucky on a starlit night
A rabbit foot in her pocket, she dances inspite of
The fact that she's different and yet she's the same
And she says do
do
Lucky you, lucky you
