## Taylor Swift, Ours

Elevator buttons and morning air Stranger?s silence makes me want to take the stairs If you were here we'd laugh about their vacant stares But right now my time is theirs

Seems like there's always someone who disapproves They'll judge it like they know about me and you And the verdict comes from those with nothing else to do The jury's out, my choice is you

So don't you worry your pretty little mind People throw rocks at things that shine And life makes love look hard The stakes are high, the water's rough But this love is ours

You never know what people have up their sleeves Ghosts from your past gonna jump out at me Lurking in the shadows with their lip gloss smiles But I don't care 'cause right now you're mine

And you'll say Don't you worry your pretty little mind People throw rocks at things that shine And life makes love look hard The stakes are high, the water's rough But this love is ours

And it's not theirs to speculate
If it's wrong and
Your hands are tough
But they are where mine belong and
I'll fight their doubt and give you faith
With this song for you

'Cause I love the gap between your teeth And I love the riddles that you speak And any snide remarks from my father about your tattoos will be ignored 'Cause my heart is yours

So don't you worry your pretty little mind People throw rocks at things that shine And life makes love look hard Don't you worry your pretty little mind People throw rocks at things that shine But they can't take what's ours They can't take what's ours

The stakes are high, the water's rough But this love is ours
