

Team Sleep, Natalie Portman

A little hurt
I'm alright
I'm not gonna wait for you tonight
I'd rather stay alone
I'm not gonna wait for you anymore
Kept waiting too long
I'm walking away from you tonight
You actor
I'm sure that
I'm not gonna look at you anymore
The same
Hang on
Try not to smile until you die
Patience, all the patience
I want you more than ever now
