

# Tears For Fears, Until I Drown

Took a long time to mend  
Took a long time to make amends  
Funny how the story goes  
Strip a man bare and burn his clothes

Time is all I crave  
It comes in waves  
I will be here until I drown

Systems on overload  
Goes to bed warm but wakes up cold  
What a bloody cross to bare  
Time on my hands but I don't care

Days are all the same  
They wax and wane  
I will be here until I drown

Time is all I crave  
It comes in waves  
I will be here until I drown

Days are all the same  
They wax and wane  
I will be here until I drown

Time is all I crave  
It comes in waves  
I will be here until I drown...
