

Tears For Fears, War Of Attrition

Come and play, it's OK
Cast your eyes upon...(?)

Know your place
Show your face
Sleep won't help you none
You might say, it's a War of Attrition

War of Attrition
War of Attrition
War of Attrition

This your fate
No escape
I have learned to love (?)
I can wait
What's my name
What's your game
You have lied enough
Then you turn around and tell me it's not war

War of Attrition
War of Attrition
War of Attrition
War of Attrition

(War of Attrition/War of Attrition/War of Attrition)

Time, a long slide (?)
War of Attrition (War of Attrition)
