The name of this motherf\*\*ker is called Questions  
Rough Draft (ha ha, tell em)  
QDIII did the beat (all day all night)  
Whassup to everybody out there in L.A.  
What you really doin hoe?  
Why do I do the things I do?  
Why so many questions?  
What am I doing?  
I talk to myself... when there's no-one to talk to  
I wanna ask me a question:  
When am I gonna make it up out of a hellish and devilish way?  
When are you gonna make mill-ions with the dividends;  
when are you gonna make ends generate bread?  
Who in the hell, left the gate open? Do you wanna sell?  
Is everybody on wavelength like us?  
Why do I rip it in half, doobie kick ass with backwards  
attach isssh like ?hap ut eallavik?  
Can you wait a minute? Can you slow it up a little bit  
Nina so I can get up in it?  
But did you really wanna dabble in fanatical supernatural  
lyrically radical milli minutes, I'm about to begin it  
Can I get some, can I spit some, which one?  
When am I gonna get off this trip?  
Can I take another peel, why do I feel  
like I'm a sick individual in the room, poppin off at the lip?  
Do you, feel me? Do you do voodoo really?  
Did you get it? Did you want a real epidemic?  
Will you let me run up in it?  
What's the word; is it absurd? What is that isssh you heard?  
Was it real, is it real, was it really real?  
Tech9ne in it to win it besides QDThird occurred  
Who's the worst, who's rastafari?  
You never livin never sure it's Selassie I the First  
brother on the planet Earth, who? Do you wanna flow;  
what you wanna do?  
How can I be in the zone like this, gone like this?  
How can I break the obsession?  
In the middle of it all, when I snap back, step back  
and ask myself; what, why do you ask so many questions?  
Chorus: repeat 2X (chorus is best guess)  
Whyyyyyyyyyyyyyyyyyyyyyyyyyyy?  
Do I wanna stick em with another hit up after this?  
Whyyyyyyyyyyyyyyyyyyyyyyyyyyy?  
I'm at the pinnacle when I'm up in em I'ma kill em in this  
Do you understand.. whatcha gonna do when Nina hit you  
with the critical homidical lyrical killer flippin

leavin you with boo-boo underpants?  
How does it feel? Do you wanna come up and chill - with an assassin?  
Can you feel it inside, what?  
The feeling of a commotion of two titans clashing  
Why me, who are you, what I am supposed to do - what a nigga here fo'?  
Who do you fear mo'? Is it the Nine, with a brand new joint?  
Like to hear it, here go  
What are you lookin at, when am I gonna get a dose of thorazine?  
Can you give me a little something to ease the pain?  
Ease the mayn, who's the mayn?  
Tech-a-Nina with the Road Dawgs and the Midwest Side Crew's to blame  
Can I get a little back with attack isssh?  
What do you accomplish, ever can't you diss, diss

Did you feel it baby? Can you give me a double dose  
of whatever the feeling I'm gettin is really pain  
Kobain, for anybody want a piece of this, sickness  
Is it a cinch to get with hot?  
Who, when, where what why?  
I'm at the pinnacle with a killer eye, do I wanna  
die no I just wanna dose of the most inner syringe  
up in my thigh, bonzai!!  
Chorus 2X  
Now do you know what the real is?  
Does everybody think I'm twisted? Non-realistic  
or do you think that I'm gifted, I'ma live freer  
Can you help me? Am I lookin at you  
can I be peepin you from afar, please, remain calm  
Could you be the reason I'm a bomb  
straight out of Vietnam, ready to explode on Sa-tan?  
Tell me what the problem is, I'ma write what the bottom is  
Do you know what a empty column is?  
Am I your worst nightmare? I feel sick right there  
Should I blow it out, can I do without, do I need help?  
Am I living within a pen of demons?  
I'm stressing, can I get a blessing (from who?)  
The one who cursed me with all these Questions  
Some say I'm psychotic  
but if I have to label it, it would be -- confusion  
It's like I gotta write shit like this  
to keep my head from exploding, yaknowhat!msayin?  
So many questions  
Chorus 2X
