

# Ted Nugent, Cat Scratch Fever

I was always different.  
Nobody understood.  
I didnt play follow the leader.  
cause I was always in the woods.  
They hadn't invented peer pressure yet.  
It seems I stood alone.  
But my daddy had a vision.  
Yeah, Love started in the home.  
Yeah, Punks used to laugh at me.  
They said How can you rock and not get high.  
So I just stood my ground.  
And I watched those assholes falling down.  
Cause I just wanna go huntin  
It makes me feel so good.  
I just wanna go huntin  
Try to find me in the woods.  
Things get a little crazy.  
In this day and age.  
The concrete jungle warfare.  
Has got every body in a rage.  
I sure like rockin days.  
And crave My rock n roll.  
But when I get my mimin  
I know where to go.  
Yeah, We jump in the 4 wheel drive.  
Load up the dogs and the family.  
Cause I got the feelin live.  
With the wired laugh where I can breed.  
Cause I just wanna go huntin  
It makes me feel so good.  
I just wanna go huntin  
Try to find me in the woods.  
Ill slip away.  
Lookin for a new sunrise.  
Im feelin ok.  
Cause its times like this I may be healthy and wise.  
(Instrument until end)
