

Teddy Geiger, Great Escape

You promised me you'd always be around
To pick me up when I run down
To help me when my day is busted
But there's no one now who can be trusted
Are you ever coming back or is nothing built to last
isn't it something how you vanished in the haze
isn't it something how you left me in your way
when you made your great escape
I always thought you'd always be around
but i'm the fool who thought you'd never let me down
were you trapped inside a cage planning your get away
isn't it something how you vanished in the haze
isn't it something how you left me in your way
when you made your great escape
when you made your great escape
when you made your great escape
