

Teddy Geiger, Too Far

If I gave you time and I gave you space
if I gave you love and all my faith
Would you come out come out wherever you are
give me something worth fighting for
so I'm not walking out the door
Cause' we've come too far
Yeah
We've come too far
Yeah
Can you tell a lie when you speak the truth
Do you miss the things you never knew
come out come out so you can see all I ever needed was to be cut free
so I'm not walking back and forth
Cause we've come too far
Yeah
We've come too far
Yeah
come out come out wherever you are
Now theres something worth fighting for
and I'm not walking out the door
Come out come out so you can see all I ever needed was to be cut free
So i'm not walking back forth
Cause we've come too far
yeah
we've come too far
Yeah
We've come to far
Yeah
We've come to far
Yeah
