

# Teddy Geiger, Too Far

If I gave you time and I gave you space  
if I gave you love and all my faith  
Would you come out come out wherever you are  
give me something worth fighting for  
so I'm not walking out the door  
Cause' we've come too far  
Yeah  
We've come too far  
Yeah  
Can you tell a lie when you speak the truth  
Do you miss the things you never knew  
come out come out so you can see all I ever needed was to be cut free  
so I'm not walking back and forth  
Cause we've come too far  
Yeah  
We've come too far  
Yeah  
come out come out wherever you are  
Now theres something worth fighting for  
and I'm not walking out the door  
Come out come out so you can see all I ever needes was to be cut free  
So i'm not walking back forth  
Cause we've come too far  
yeah  
we've come too far  
Yeah  
We've come to far  
Yeah  
We've come to far  
Yeah
