## Teddy Geiger, Too Far

If I gave you time and I gave you space if I gave you love and all my faith Would you come out come out wherever you are give me something worth fighting for so I'm not walking out the door Cause' we've come too far Yeah We've come too far Yeah Can you tell a lie when you speak the truth Do you miss the things you never knew come out come out so you can see all I ever needed was to be cut free so I'm not walking back and forth Cause we've come too far Yeah We've come too far Yeah come out come out wherever you are Now theres something worth fighting for and I'm not walking out the door Come out come out so you can see all I ever needes was to be cut free So i'm not walking back forth Cause we've come too far yeah we've come too far Yeah We've come to far Yeah We've come to far Yeah
